Inspection

Type: ROUTINE INSPECTION

Date: DEC-20-2001

3.11 (d)

CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

An effective program for the control of pests must be established and maintained so as to promote the health and well-being of the dogs and reduce contamination by pests in animal areas. The first four empty shelters along building contain numerous rodent droppings. Need to maintain a rodent control program in the kennel.

To be corrected by: 1-10-02

Inventory: 12 dogs
