**HOUSING FACILITIES, GENERAL.**

Housing facilities for dogs must be designed and constructed so that they are structurally sound, kept in good repair, and restrict other animals from entering. Several holes are present in the drywall along the side walls in the new section.

To be corrected by: 12-15-01

Supplies of food and bedding must be stored in a manner that protects the supplies from spoilage, contamination, and vermin infestation. Food and bags of shavings are being stored along the wall. There are open bags of feed in this area along with cattle feed in an open wooden cart. Spilled feed is present on the floor. All open supplies of food and bedding must be stored in leakproof containers with lids. Supplies must be stored away from walls.

To be corrected by 10-31-01
